GATHERING AND GROWING REGENERATIVE  
GRAZERS ACROSS THE REGION

## INTRODUCING OUR 2024 CONFERENCE: GATHERING OF GOOD GRAZERS

We teamed up with Northeast Pasture Consortium (NEPC) to combine our Northeast Grazing and Livestock Conference with the NEPC's Annual Meeting into a fantastic **3-day conference at UMass Amherst January 25th-27th, 2024**. We are excited to be face-to-face this year (with virtual options).

We have an amazing lineup including **Mark Schatzker, author of “Steak”**, as our keynote speaker. We have regional grazing experts and farmers joining us to share their grazing wisdom. It will be three days of workshops, deep dive intensives, farmer panels and a trade show! Choose your own adventure, come for the whole event or just a day. Registration coming soon, details on [our website](#).

This regional confluence is collaboratively organized by the members of the New England Grazing Network, the Northeast Pasture Consortium as well as regional extension partners.
